

8.4 ETS10 ELK TROLLEY SKATE

Carry your tools and equipment right from the van to the track and then along the line to the worksite on a single trolley - the Elk Trolley Skate.

On the rail the Elk Trolley Skate runs on hard nylon wheels with sealed ball races to make light work of propelling even the heaviest loads.

Off the rail the Elk Trolley Skate runs on either solid rubber or pneumatic tyres.

With removable handles this skate is easy to stow on a vehicle and the load tray is large enough to carry tools, bars, gas cylinders, etc.

FEATURES

- Strong and Robust
- Unique Road / Rail design
- Removable Handles
- Strong steel construction
- 250kg capacity
- Full Factory Parts Backup
- CE Marked

AN EXTREMELY USEFUL ADDITION TO ANY TRACK WORK GANG'S INVENTORY
